

# **Email Account Setup SOP:**

## **Purpose:**

The purpose of this SOP is to provide guidelines for setting up a new email account for a new hire to ensure users are able to send secure, electronic communications.

## **Authorship:**

This SOP was written by David Renteria.

## **Scope:**

This SOP applies to all new hires – volunteer, part time, and full time – who require email accounts for work-related purposes.

## **Responsibilities:**

The following personnel are responsible for implementing this SOP:

1. HR department – requesting the setup of email accounts
2. IT dept/contractors – procure, install, create, and configure the email account

## **Prerequisites:**

Prior to setting up email accounts, the following tasks must be complete:

1. The necessary software – Thunderbird – must be installed.
2. The new user's account has been created in the company's system/domain.
3. The new user's role & responsibilities have been clearly defined.
4. The new user has been informed about the company's IT policies and procedures and has signed the AUP.

## **Procedure:**

1. Install Thunderbird email client and create a desktop shortcut (if not already done).
2. Retrieve new account and email information from HR
3. Deploy the email account to Thunderbird
4. Create a signature for the new hire with all required components. Set it to automatically apply to all emails.
5. Send a test email to your personal email to confirm successful operation.

2. Custom Install on Windows: [Custom installation of Thunderbird on Windows | Thunderbird Help \(mozilla.org\)](#)
3. Install Thunderbird on Ubuntu Linux: [Installing Thunderbird on Linux | Thunderbird Help \(mozilla.org\)](#)

## **Definitions:**

1. Hardware: physical components of a computer, such as the monitor, keyboard, and mouse.
2. Software: programs or applications that run on a computer, such as Microsoft Office or Adobe Photoshop.
3. IT policies and procedures: guidelines and rules set by the company for the use of information technology resources and systems.
